# RESERVATION SYSTEM

## MY DISNEY EXPERIENCE APP

The My Disney Experience app is the main tool for managing your reservations, both for dining and other aspects of your visit (tickets, FastPass, etc.). Be sure to have the app and set up before your trip. Here's how to make the most of it for dining reservations:

- **Create an account:** If you don't have a Disney account, create one either through the app or on the My Disney Experience website. This will give you access to all features, such as making and modifying reservations.
- **Link your tickets and those of your travel companions to the app.** This makes it easier to manage dining reservations, as some require linked tickets.
- **Sign in to the app:** Once you're in the app, look for the "Make a Dining Reservation" option in the main menu.

## HOW TO MAKE A RESERVATION

- **Step 1:** Open the My Disney Experience app and select the "Make a Dining Reservation" option.
- **Step 2:** Enter the restaurant name or the area where you wish to dine.
- **Step 3:** Choose the date and time you want to make the reservation for.
- **Step 4:** Select the number of people in your party (this will also affect availability).
- **Step 5:** Complete the payment information if required. Some restaurants require an upfront payment or a credit card guarantee for reservations.
